Mayor Rick Rogers called the special meeting of council for the Town of Craik to order at 7:10 p.m.

This special meeting of council was called by the Mayor at the February regular meeting to address the proposal brought forward by the Water Advisory Committee.

The proposal made by the Water Advisory Committee was a request that the Town of Craik council applies to the Minister to restructure the Town of Craik to Organized Hamlet status, therefore amalgamating the newly restructured Hamlet with the RM of Craik No. 222. The proposal is with the intentions that the funding for the Town of Craik water projects would then be funded by the RM.

The Town of Craik Council would like to make the following statement to address the proposal:

“It is not within the jurisdiction of this council to either approve or reject the proposal to apply to change the status of the Town to an organized hamlet. We recognize the importance of finding a financially viable solution to providing potable water and we are committed to pursuing and examining all possible options.
